CASIO Electronic Dictionary Quick Guide (XD-G Series)

The contents of this Quick Guide apply to the CASIO XD-G Series Electronic Dictionaries. Most illustrations and screen shots show the XD-G20000.

- Hangul, Russian, Simplified Chinese, and accented characters cannot be input on a model that does not include a dictionary that requires such characters. Installing optional content automatically enables input of characters that match the installed content.
- The screen shots and product illustrations shown in this manual may be different from those of the actual product. Also note that some keys and screen indicators are shown in simplified form.
